4. Click **Open**. The File Name field is automatically filled in.
5. Click **Attach This File**.
6. Repeat steps 1-5 to attach the next submission Item.
7. When all **Items** have been attached, click **Next** at the bottom of the page.

Note 1: Do not embed figures, graphics or photos in the manuscript text file. Please upload each figure file individually. Elsevier's preferred file formats are [EPS](#), [TIFF](#) and [PDF](#). [MS Office](#) file formats are only allowed under certain conditions.

Note 2: Please remove individually uploaded figures and tables from your manuscript text file. Otherwise, each figure will appear twice in your PDF file.

We allow compressed files (in the formats zip, tar, tar.gz, tg2), which may be used for normal and LaTeX submissions alike.

Please upload your files in the following order: Cover letter; Manuscript (including title page and summary/abstract); Figures; Tables.
